2020 PROFILE
M5 T-NUT

METRIC THREADED SLOT FASTENER

FEATURES

- M5 internal thread
- For compatible 2020 / 20-series profiles
- Raised threaded center and serrated wings
- One T-nut per piece; hardware not included

APPLICATIONS

Mounting brackets and accessories on compatible aluminum extrusion frames for 3D printers, robotics and fixtures.

INSTALLATION

Check the profile slot and nut fit before use. Position the nut in the compatible channel, align the attachment and thread in a matching M5 screw. Tighten without forcing the threads. The insertion method depends on the profile and nut geometry.

PACKAGE

One T-nut. The screw, bracket, profile and tools are not included.

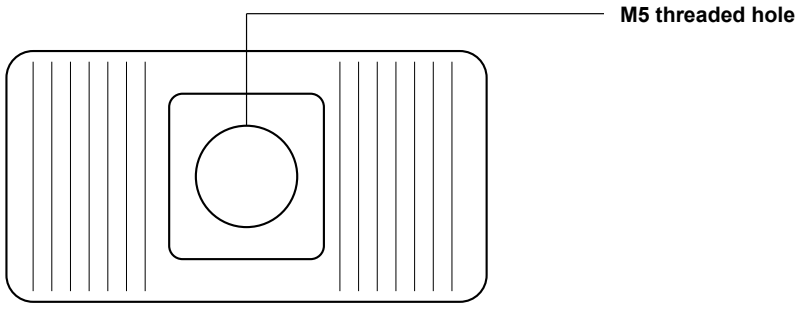

PRODUCT ILLUSTRATION
